If you ticked A) or B), which part of the SCI does your representation relate?

Section

Paragraph

If you ticked C), where should the new section or text go in the SCI? (Please be as precise as possible)

Reason for objection

If you wish to object, you should make clear (by ticking the relevant box) in what way the SCI, or part of the SCI, fails the tests of 'soundness' against which the SCI will be judged at an independent Public Examination:

- It does **not** comply with the minimum requirements for consultations as set out in the Town and Country Planning (Local Development) (England) Regulations 2004
- The strategy for community involvement does **not** link with other community involvement initiatives (e.g. the community strategy)
- It does **not** identify in general terms which local community groups and other bodies will be consulted.
- It does **not** identify how the community and other bodies can be involved in a timely and accessible manner
- The methods of consultation to be employed are **not** suitable for the intended audience and for the different stages in the preparation of the local development documents
- Resources are **not** available to manage community involvement effectively
- It does **not** show how the results of community involvement will be fed into the preparation of the development plan documents and supplementary planning documents
- It does **not** set out the mechanism for reviewing the SCI
- It does **not** clearly describe the policy for consultation on planning applications

Changes to the SCI

Please give details of what change(s) you would like to see to the SCI and why, having regard to the tests of soundness listed above (please be as precise as possible):

PLEASE SEE ATTACHED LETTER.

(Please continue on a separate sheet if necessary)

Can your representation be considered by written representations or do you consider it necessary to attend the examination?

Either: Written representation

Attend examination, if so please outline why you consider this to be necessary?

The inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to attend the examination.
