

Customer Service Standards - Corporate Asset Team

Service Overview

The Corporate Asset Team is responsible for the day to day operation and management of the council's allotments, cemeteries, car parks, community centres, pavilions, play areas, parks and open spaces, and street furniture.

The Team includes grounds maintenance and public cleansing staff who carry out the maintenance and upkeep of parks, play areas and open spaces, street cleaning and litter and dog bin emptying.

The Team also deals with the maintenance of our staff office accommodation.

Many straightforward enquiries are answered at first point of contact by our colleagues in the Customer Service Team but more sensitive enquiries, in particular relating to interments, memorials and burial rights are dealt with by our Cemeteries and Admin Officer.

We also carry out capital projects such as the installation of new play areas, upgrading and planned maintenance work to our buildings and enhancement works to our parks and open spaces, cemeteries and allotments.
