Steve

There was some debate this morning as to the extent to which Age Concern in Paddock Street were consulted in relation to the preparation of the Town Centres AAP.

I have subsequently checked the Regulation 30(e) Statement of Consultation and also our database. I can confirm that we have a contact for Age Concern in Paddock Street on our database so therefore they would have directly received a letter at each consultation stage.

The contact name that we have on our database is Joy Husband.

Please can you pass this point of clarification onto the Inspector and also notify the Age Concern representatives. In doing so, please can you also ask whether our contact is up to date or whether we should be directing correspondence to someone else.

Thanks

Adrian
