1 Introduction

- 1.1 In January 2018 Oadby and Wigston Borough Council ('the Council') submitted the Borough of Oadby and Wigston Local Plan¹ for independent examination by a Planning Inspector appointed by the Secretary of State. An integrated Sustainability Appraisal (SA) and Strategic Environmental Assessment (SEA) Report (referred to hereafter as 'SA'), entitled 'SA of the Oadby and Wigston Local Plan: Pre-Submission' (November 2017) was submitted alongside the Plan.
- 1.2 Following a series of Examination hearings, the Council has prepared a schedule of Proposed Main Modifications to the Local Plan. The Proposed Main Modifications take into account matters raised during the Examination by the Inspector and participating representors.
- 1.3 This SA Addendum presents an appraisal of the Proposed Main Modifications and considers their implications for the SA findings reported previously. In combination with the SA Report that was submitted alongside the Local Plan for examination and the April 2018 addendum², this SA Addendum represents an appraisal of the Local Plan as proposed to be modified, updating the findings that were presented in the November 2017 SA Report. It should be noted that this is an Addendum to that SA Report and that the two documents should therefore be read together.
- 1.4 This SA Addendum focusses on the Proposed Main Modifications to the Local Plan only. Minor Modifications have also been prepared to address non-substantive matters such as typographical, factual and grammatical errors. Minor Modifications are not subject to SA as they do not have the potential to lead to significant sustainability effects.

¹ The version submitted was entitled 'Oadby and Wigston Borough Council (2017) Local Plan – Pre-submission Consultation Document'

² Addendum to the Sustainability Appraisal of the Oadby and Wigston Local Plan

2 Appraisal of Main Modifications

Methodology

- 2.1 The November 2017 SA Report assessed each policy and site allocation against a number of SA objectives, which together form the SA framework. The SA framework used to appraise the Local Plan is presented in **Appendix 1**. The SA used colour-coded scores to indicate how each of the policies and site allocations performed against each SA objective. **Figure 2.1** shows how these scores were applied to the appraisals.

Figure 2.1: Key to symbols and colour coding used in the SA of the Borough of Oadby and Wigston Local Plan

++	The option or policy is likely to have a significant positive effect on the SA objective(s).
++/-	The option or policy is likely to have a mixture of significant positive and minor negative effects on the SA objective(s).
+	The option or policy is likely to have a minor positive effect on the SA objective(s).
0	The option or policy is likely to have a negligible or no effect on the SA objective(s).
-	The option or policy is likely to have a minor negative effect on the SA objective(s).
-/+	The option or policy is likely to have a mixture of significant negative and minor positive effects on the SA objective(s).
--	The option or policy is likely to have a significant negative effect on the SA objective(s).
?	It is uncertain what effect the option or policy will have on the SA objective(s), due to a lack of data.
+/- or +/-	The option or policy is likely to have an equal mixture of both minor or both significant positive and negative effects on the SA objective(s).

- 2.2 The appraisal considers whether the assessment against the SA framework and resultant scores would change as a result of the Proposed Main Modifications being incorporated into the Local Plan.

Appraisal findings

- 2.3 **Appendix 2** presents the schedule of Proposed Main Modifications and the Council's reasons for proposing each change, with a final column added to record the implications of each Main Modification for the SA conclusions reported previously. The SA implications have been considered based on whether each Main Modification changes the conclusions of the November 2017 SA Report for the Pre-Submission Local Plan (the version that was submitted for Examination). A summary of the implications of the Main Modifications for the SA is presented in

2.4 **Table 2.1.** The implications are presented by policy (although some of the changes refer to supporting text) as this reflects how assessments were presented in the previous SA reports.

Policy 7	No change to SA conclusions.
Policy 8	No change to SA conclusions.
Policy 9	No change to SA conclusions.
Policy 10	No change to SA conclusions.
Policy 11	The removal of the text relating to providing sufficient space for kitchen, dining bedroom and living facilities should be reflected in the wording of the SA, but there are no changes to assessment scores.
Policy 12	No change to SA conclusions.
Policy 13	No change to SA conclusions.
Policy 14	The wording regarding differential requirements for larger and smaller developments no longer applies, but there are no changes to the SA assessment conclusions or scores.
Policy 15	No change to SA conclusions.
Policy 16	No change to SA conclusions.
Policy 17	The wording should reflect the additional provision of publically accessible open space, but there are no changes to assessment conclusions or scores.
Policy 18	The wording should reflect the fact that custom and self build plots are 'supported' rather than 'required' and that this is included within the supporting text only. The wording should also clarify that provision of open space may be off-site if justified, but there are no changes to assessment conclusions or scores.

Policy 44	No change to SA conclusions.
Policy 45	No change to SA conclusions.
Policy 46	No change to SA conclusions.
Policy 47 (new)	The assessment for this policy is set out in Chapter 3 and should now be considered part of the SA.

Assessment of cumulative effects

- 2.5 The above changes have been considered in the context of the cumulative effects assessment, presented in Chapter 4 of the November 2017 SA Report. Table 4.10 of the November 2017 SA Report should be considered updated with the addition of new Policy 47.
- 2.6 As the new Policy has limited implications for sustainability, there are no changes to the assessment of cumulative effects presented in the November 2017 SA Report.

3 Assessment of new Policy

- 3.1 The Proposed Main Modifications include a new Policy 47. This new Policy sets out the circumstances under which a full or partial review of the Local Plan will be undertaken. A full assessment matrix for this is presented in **Table 3.1**.

Table 3.1: Assessment matrix for new Policy 47 (trigger policy)

SA Objectives	SA Score	Commentary/Explanation (to include secondary, cumulative and synergistic effects)
1) To ensure the provision of decent and affordable housing that meets local needs and links into the provision of services.	+	The policy will help to ensure that sufficient housing is provided to meet the needs of the Borough of Oadby and Wigston, and the needs of the wider Leicestershire Housing Market Area, if required. Therefore, minor positive effects are recorded.
2) To improve health and reduce health inequality by promoting healthy lifestyles, protecting health and providing access to health services.	0	The policy will not directly affect this objective and effects are considered to be negligible.
3) To provide better opportunities for people to access community and leisure facilities.	0	The policy will not directly affect this objective and effects are considered to be negligible.
4) To improve community safety, and reduce crime, anti-social behaviour and the fear of crime.	0	The policy will not directly affect this objective and effects are considered to be negligible.
5) To promote and support the empowerment of local communities in creating and implementing solutions that meet their needs focusing particularly on young, elderly and deprived people.	0	The policy will not directly affect this objective and effects are considered to be negligible.
6) To promote racial harmony and create cohesive communities.	0	The policy will not directly affect this objective and effects are considered to be negligible.
7) Conserve and enhance the historic environment, heritage assets and their settings.	0	The policy will not directly affect this objective and effects are considered to be negligible.
8) Protect and enhance biodiversity and geodiversity.	0	The policy will not directly affect this objective and effects are considered to be negligible.
9) Protect and enhance the character and quality of the landscape.	0	The policy will not directly affect this objective and effects are considered to be negligible.
10) To manage prudently water resources, improve water quality and reduce vulnerability to flooding.	0	The policy will not directly affect this objective and effects are considered to be negligible.

SA Objectives	SA Score	Commentary/Explanation (to include secondary, cumulative and synergistic effects)
11) To improve air quality particularly through reducing transport related pollutants.	0	The policy will not directly affect this objective and effects are considered to be negligible.
12) To manage prudently mineral resources and avoid / reduce pollution of land.	0	The policy will not directly affect this objective and effects are considered to be negligible.
13) To minimise energy use and develop renewable energy resources.	0	The policy will not directly affect this objective and effects are considered to be negligible.
14) To reduce greenhouse gas emissions to mitigate the rate of climate change.	0	The policy will not directly affect this objective and effects are considered to be negligible.
15) To involve people in preventing and minimising adverse local, regional and global environmental impacts.	0	The policy will not directly affect this objective and effects are considered to be negligible.
16) To improve access to education and training for children, young people, adult learners.	0	The policy will not directly affect this objective and effects are considered to be negligible.
17) To develop a strong culture of enterprise and innovation whilst providing access to appropriate employment opportunities for the local population.	+	The policy will help to ensure that sufficient employment development is provided in the Borough of Oadby and Wigston, resulting in minor positive effects.
18) To optimise the use of previously developed land, buildings and existing infrastructure.	0	The policy will not directly affect this objective and effects are considered to be negligible.
19) To promote and ensure high standards of sustainable design and construction	0	The policy will not directly affect this objective and effects are considered to be negligible.
20) Reduce waste generation and increase levels of reuse and recycling	0	The policy will not directly affect this objective and effects are considered to be negligible.
21) To improve access to services for those without a car, disabled people, elderly people, ethnic minorities and deprived people by providing for everyday needs in each settlement.	0	The policy will not directly affect this objective and effects are considered to be negligible.

SA Objectives	SA Score	Commentary/Explanation (to include secondary, cumulative and synergistic effects)
22) To encourage and develop the use of public transport and public rights of way.	0	The policy will not directly affect this objective and effects are considered to be negligible.

4 Conclusions

- 4.1 The majority of Proposed Main Modifications do not result in any changes to the assessment results presented in the November 2017 SA Report. Many changes relate to minor wording changes to reflect the updated wording of the policies, but these do not affect the assessment results or score.
- 4.2 The Proposed Main Modifications include one new Policy, which has been subject to SA. This new Policy relates to when a review of the Local Plan will be triggered and does not directly propose new development or set out requirements for development itself. As such, the sustainability implications of this new Policy are limited to the minor positive effects it brings in ensuring that sufficient housing (SA objective 1) and employment (SA objective 17) are provided in the Borough.
- 4.3 The updates to previous SA findings do not change the assessment of cumulative effects presented in Chapter 4 of the November 2017 SA Report.

Ma1	TBC	TBC – new Policy 47	<p>As per the Inspectors request, the Council has drafted trigger policy wording for the Local Plan. The draft policy wording is set out below:</p> <p><i>'Oadby and Wigston Borough Council is committed to meeting its own requirements for housing, employment, other development, and infrastructure. The Council will regularly monitor delivery of new development in the context of policies and targets within this Plan.</i></p> <p><i>The Council will commence a full or partial review no later than 5 years from adoption of the Plan, or where monitoring of targets set out in Chapter 12 of the Plan, identify significant and persistent shortfalls in the delivery of housing, employment, other development, and / or infrastructure that deviates significantly from the Plan strategy.</i></p> <p><i>The Council will commence a full or partial review if a local authority within the Leicester and Leicestershire Housing Market Area have an evidenced unmet need, which cannot be met by that local authority and which it is considered through the Duty to Cooperate by the Leicester and Leicestershire Members Advisory Group</i></p>	<p>Matter 1 Hearing Session, 24.04.18:</p> <p>The Inspector asked the Council to draft a Trigger Policy (based upon paragraph 1.5.6 onwards in the Submission Draft Local Plan) to demonstrate more certainty with regards to when a full or partial Local Plan review will be needed.</p>	<p>This new policy has been subject to SA, as presented in Chapter 3.</p>

Once the review has commenced the Council will submit the Plan Review to the Planning Inspectorate for Examination within a further 24 months of the date of commencement of the review. In the event that the Council does not submit the Plan Review to the Planning Inspectorate within 24 months of the date of commencement of the review, the parts of the Plan that are under review will be deemed out of date, if not already deemed out of date by virtue of national policy.'</i></p>

			<p><i>there is an additional number of new homes that could can be delivered up to the end of the Plan period to 2031 or beyond. This additional number of new homes consists of new homes within the settlement boundary of Kilby Bridge (up to 40 new additional homes), Phase 3 of the Wigston Direction for Growth (approximately at least 300 new additional homes), and new additional homes provided on Windfall sites (at least 70 new additional homes). The additional number of homes provided within the Kilby Bridge Settlement Boundary (up to 40) and on Windfall sites (at least 70) will be in addition to the Plan period target of 2,960 new additional homes. Release of these sites will not be restricted and can come forward at any time throughout the Plan period. However, the additional new homes figure identified at Phase 3 of the Wigston Direction for Growth (at least 300) allows the Council a 'buffer' (approximately 400 homes) against the Plan period target of 2960, which would negate any potential delivery issues on allocated sites. Release of Phase 3 of the Wigston Direction for Growth would only be required should delivery of other identified or allocated sites within the Plan be slower than expected or the Council was in a position whereby it could not illustrate a 5 year supply of housing land. The additional homes figure could help fulfil a small proportion of Leicester City's declared unmet need. Delivery of Phase 3 of the Wigston Direction for Growth is not dependent upon completion of Phase 2 and both Phase 2 and Phase 3 can be delivered simultaneously if necessary.</i></p> <p>4.2.12 Should delivery of allocated sites be slower than envisaged by the Plan, or evidence suggests a need for further development, the land identified as Phase 3 of at the Wigston Direction for Growth area (Phase 3 on the Adopted Policies Map) shall be released for</p>	to consider rewording paragraphs 4.2.11 and 4.2.12. The Council must ensure the wording of these paragraphs and other supporting paragraphs to Policy 2 are consistent.	numbers and phasing. It is noted that Phase 3 of the Wigston Direction for Growth area is not part of this plan, as it would only come forward through the new Policy 47.

			<p>development. Any proposal, it-would not be subject to cumulative strategic transport testing, as the Plan period requirement of 2,960 has already been subject to appropriate testing. However, appropriate local testing, in particular, highway and transport infrastructure capacity, and liaison with the Borough Council and Leicestershire County Council Highways department will be required. Any proposal would also be subject to the development being sensitive to the countryside areas that surround it and sustainable and appropriate in size and facility provision. This will be Plan led and will be considered through a future review of this Plan.</p> <p>In addition to the above paragraphs, to ensure consistency, the Council is proposing the following wording amendments to other paragraphs set out in Local Plan Policy 2.</p> <p>4.23.35 In total, and over several Plan periods, the three growth areas have the capacity for up to 2050 new additional homes and 5 hectares of employment land for the Borough. Approximately 300 new additional homes will be provided at the Stoughton Grange Direction for Growth Area, 400 (Phase 1 and 2) new additional homes will be provided at the Cottage Farm Direction for Growth Area, and up to approximately 1,350 (Phase 1, 2 and 3) and 5 hectares of employment land at the Wigston Direction for Growth Area. Both the Wigston Direction for Growth Area and the Cottage Farm Direction for Growth Area, have extant planning permissions for their Phase 1 elements, providing 450 new additional homes and 2.5 hectares of employment land and 150 new additional homes, respectively.</p> <p>4.23.36 300 new additional homes at the Wigston Direction for Growth area, are identified for Phase 3, which is planned</p>

			<p>for post Plan period (2031 onwards). However, As mentioned earlier, should evidence suggest a need for further development at the Wigston Direction for Growth, it will be Plan-led and considered through a future review of the Plan brought forward in conformity with the Council's trigger policy set out within this Plan. The Council does not expect or foresee any circumstances that could affect the delivery of new homes on any of its allocated sites, however the Council seeks to plan positively through this Local Plan.</p>		
Ma3	Page 63	Policy 13	<p>To add clarity, the Council propose the following changes Policy 13.</p> <p><i>'The Council is committed to the provision of appropriate housing for the whole community, therefore will require affordable housing on all new residential developments of 11 dwellings or more to meet identified local need.</i></p> <p>Affordable housing will be required at the following minimum targets which have been informed by the Council's current Affordable Housing Viability Assessment. Development will be permitted provided that at least the following percentages for affordable housing are met:</p> <ul style="list-style-type: none"> - Oadby – 30 per cent of the total number of units - Wigston (including Kilby Bridge) – 20 per cent of the total number of units - South Wigston – 10 per cent of the total number of units 	<p>Matter 3 Hearing Session, 25.04.18:</p> <p>The Inspector asked the Council to redraft the wording of the second paragraph in Policy 13 to add clarity.</p>	<p>No change.</p> <p>Wording changes add clarity. The amount of affordable housing to be delivered has not changed.</p>

Ma28	Page 35	Policy 2 wording	<p>The Council propose the following wording changes to Policy 2 – 'Areas within the Leicester PUA' section.</p> <p><i>The areas situated within the Leicester PUA, but outside of the town centre of Wigston and the district centre of Oadby will contribute the following levels of development.</i></p> <p>- 250 244 new additional homes, including;</p> <p><i>Meadow Hill, Welford Road Wigston (53)</i> <i>Land west of Welford Road, Wigston (50)</i> <i>Arriva Bus Depot, Station Street, South Wigston (43)</i> <i>Former Oadby Swimming Pool, Oadby (32)</i> <i>Nautical William, Aylestone Lane, Wigston (29 23)</i> <i>39 Long Street, Wigston (18)</i> <i>53-59 Queens Drive, Wigston (15)</i></p>	The Inspector asked the Council to amend the policy wording to better reflect the updated position.	No change. The difference of six dwellings is not considered to be significant in the context of the SA. The Local Plan will still be delivering at least 2,960 new dwellings over the Plan period. Assumptions applied with regards to size of housing sites (for SA objective 1 (housing)) were based on site size (which hasn't changed), rather than dwelling number.

Ma29	Page 29 and 34	Table 1, Figure 1 and paragraph 4.3.47 and 4.3.49	<p>Due to changes proposed within Ma2 and Ma28, Table 1, Figure 1 (housing trajectory) and paragraphs 4.3.47 and 4.3.49 require amendments. The changes are set out below.</p> <p>Please note – amendments to Figure 1 (housing trajectory) are illustrated in red and not bold black.</p> <p><i>4.3.47 Evidence suggests that a windfall allowance could should be included within the housing trajectory.</i></p> <p><i>4.3.49 Over the 9 years mentioned above, the average number of new additional homes being delivered on both large and small windfall sites is 57 dwellings per year. As mentioned, The Council has not included a windfall allowance within the housing trajectory, however has identified an allowance within the housing supply buffer figure. The Council has been conservative in its approach and has decided to use only a proportion of the annual average; some 25 per cent of the 57 dwelling average per year, equating to 14 units per year or 70 units over a 5 year period. Other than the anomaly in 2011 – 2012 where none of the units were classed as windfalls, the number of windfall units has ranged between 30 and 89 in the other 8 years (6 of these 8 years have seen 60 units plus as windfalls).</i></p>	The Inspector asked the Council to amend the policy wording to better reflect the updated position.	No change. Wording changes clarify position with regards to windfall sites but do not change the implications of any policies.
