T-Mobile & 3 - Annual Roll Out Spreadsheet 2010 - 2011

T-Mobile and 3 UK, through their joint venture company, Mobile Broadband Network Ltd (MBNL) are working towards the consolidation of their 3G networks. This will result in the joint use of existing base station site infrastructure & hardware and in a reduction of duplicate sites. Consolidated base station sites that are now operated by T-Mobile & 3 UK are identified in the 2010 -2011 annual rollout plans.

Operator Definition: **TMUK** - a site operated by T-Mobile only **3** - a site operated by 3UK only **TMUK & 3UK Consolidated** - a consolidated site operated jointly by T-Mobile and 3UK

Orange Annual Rollout Spreadsheet 2010 - 2011

1. Where a Proposed Site has no address information, it is still at cell search stage, where Orange is seeking to identify a site to locate a base station. The NGRs are indicative only and represent the centre of a limited search area rather than a specific site. 2. Orange's network rollout plan requirements have been reduced from last year and consequently sites proposed in last year's plans may not feature on this year's spreadsheet. 3. Now that the Orange network is operated by Everything Everywhere, current and future requirements could change again in the short term.

For enquiries relating to Orange's Annual Rollout Plan please contact Gemma Bridges, Community Liaison Officer : gemma.bridges@everythingeverywhere.com
