Dear Sir or Madam,

**NOTIFICATION OF ESSENTIAL SAFETY MAINTENANCE WORKS
M1 Junction 20 to M1 Junction 21 Northbound.**

I am writing to let you know that we will be carrying out essential maintenance work on the M1 between junction 20 and junction 21 on the northbound carriageways only.

During our comprehensive scheme of work, we will be applying a spray applied asphalt preservation to the carriageway, re-application of road markings and installing road studs.

Once completed, all road users will benefit from improved road safety and a smoother driving experience.

When will the work take place?

Work is due to start **12th July 2021** and is scheduled for completion by the end of **July 2021**.

To keep our programme for these works as short as possible and to minimise disruption to the local community, we will work:

- **Northbound** between 8pm and 6am Monday to Sunday.

Please note that all our planned works are subject to change due to weather conditions or unforeseen circumstances, such as clashes with other emergency work.

How will the work affect traffic?

To maintain a safe environment for our workforce and motorists, we will be closing 2 lanes of the Northbound carriageway while we work during off peak times.

All carriageways will be open, as usual, outside our working hours.

Covid-19 Impact on essential road users

All our sites have strict safeguarding measures, in line with Public Health England guidance, to prevent the spread of COVID-19 and none of our sites are open to the public. All construction projects are closely monitored, and the situation is kept under constant review.

This scheme of work is essential to the strategic road network, however if you have any concerns about the impact our work may have on essential supplies during these unprecedented times then please contact us.

Contact Us

If you have any questions about this work, you can contact our Highways England Customer Contact Centre as follows:

- Email: info@highwaysengland.co.uk
